strategic planning project development project management

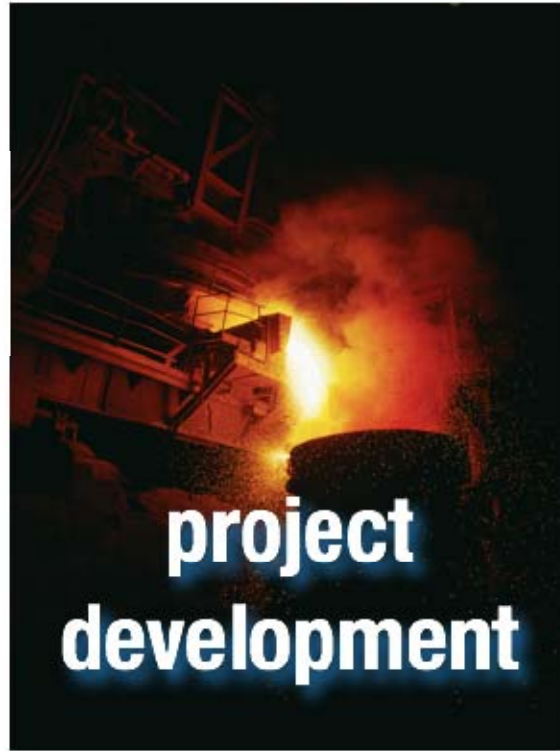

About Us

- Collectively, over **90 YEARS** of industry experience, over **120 PROJECTS** and over **60 YEARS SERVING THE KINGDOM**
- We approach each project to **MINE** the core elements within the Church, **REFINE** them, and **FORGE** into resilient tools (facilities) for impacting the Kingdom.
- **OBJECTIVE** and understanding Owner's Representative positioned as a **STRATEGIC PARTNER** in decisions that shape the need for your facility.

forging facility solutions

Our Services

Project Team

Matt Samuelson
Executive
Leadership

Matt provides the leadership in the overall process and his knowledge and experience brings solutions that forge the Project's direction.

Matt Salley
Strategic
Planning

Matt leads the process of gathering, formulating, and presenting the information that is necessary to define the parameters of the Project needs and test the feasibility of potential facility solutions.

Stewart Evans
Project
Management

Involved in all aspects of a Project, providing day-to-day management of project issues, leading all communications and operations of the project team necessary in progressing the project to ensure responsibilities are fulfilled.
